FARM BUILDING AFFIDAVIT

“Building”: A combination of any materials, whether portable or fixed, having a roof to form a structure for the use or occupancy by persons or property; however, farm buildings not used for residential purposes and frequented generally by the owner, members of his family, and farm employees shall be exempt from the provisions of the USBC, but such buildings lying within a flood plain or in a mudslide-prone area shall be subject to flood proofing regulations or mudslide regulations, as applicable. The word building shall be construed as though followed by the words “or part or parts thereof” unless the context clearly requires a different meaning.

“Farm Structure”: A structure located on a farm utilized for either the storage, handling or production of agricultural, horticultural, floricultural or silvicultural products or the sheltering, raising or processing of farm animals or farm animal products, which products or animals are normally intended for sale to domestic or foreign markets. The term shall include structures used for the maintenance, storage or use of farm equipment.

I hereby certify that I have read the above Virginia Uniform Statewide Building Code definitions of “building” and “farm structure”. I hereby certify that the below referenced property is a **farm**. I hereby certify that the use of the proposed new or existing structure will be or is used for:

(Check appropriate box ☒)

- ☐ Storage, handling, production, display, sampling or sale of agricultural, horticultural, floricultural or silvicultural products
- ☐ Sheltering, raising, handling, processing or sale of agricultural animals or agricultural animal products
- ☐ Maintenance, storage or use of farm equipment
